New Residents

Rosalie Dooley moved into sp. 228. She moved here from San Diego to be closer to her daughter.

Welcome to our new resident! Let's be sure to get to know our new neighbor and invite her to all the activities around the park!

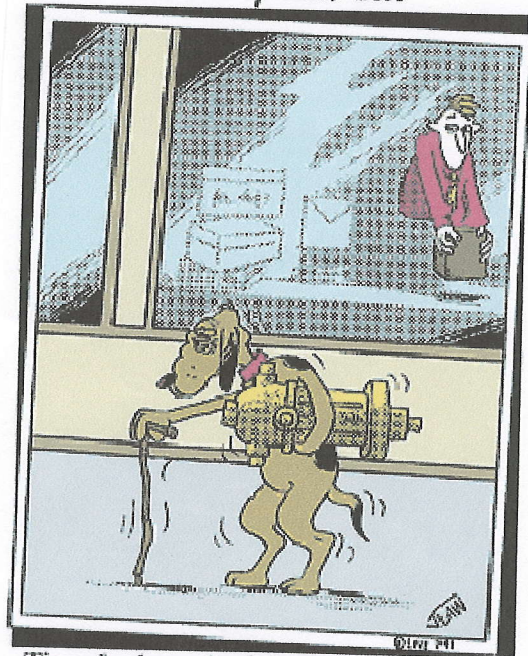

Pet Patrol

It is still very hot outside during the day. Have your human caregiver check the ground temperature before taking you out for a walk by placing their bare hand on the street/blacktop, etc. for at least 10 seconds. If it is too hot for their hand, it is definitely too hot for you to walk on. Blistered paws are not fun.

The grand opening for the Bark Park is September 9th from 9-10AM. Check out the flyer included in this newsletter.
